beauty**

Interior Design and decoration is state of the art in shaping and creating an ambiance of your home interior and exterior. To do that, a perfect glamorous partition maker like Alstone WPCjali is best. From giving a beautiful look to exterior areas like shafts and duct coverings to taking wind loads in high-rise buildings, Alstone jali's made from WPC are becoming the architect's choice of material as these Grill Boards make the partition of building a home, not of Hearts. Alstone WPCjali grill board is an innovative, exciting, and fresh approach to adding character & aura to any space.

The Diverse Range of Alstone Grill 2D and 3D inspired panels instantly create a unique and individual style within your home or business.

With the resistantcy of water, termite & borer and retardancy of fire. Plus, lightweight makes these grills the perfect choice to stand out in the queue.

ALSTONE GRILL panels express a scheme's whole spirit and life; they make the room feel warmer and cooler, also providing an illusion of depth, making the space feel larger or smaller.

The ALSTONE GRILL series maintains a sense of balance, scale, and proportion to your vision.
